

Hello, my name is Troy. My stage name is 100it (hunnit).

I'm from Detroit Mi and I'm a Producer/Hip Hop Artist since year 2000, I also have my own LLC for my music label

My style is very unique, and I have a major catalog with a variety of songs. (2 solo albums, 2 tag team albums, 7 mixtapes, all up for grabs. I'm very hype and bring up temp energy to the place. I do 90% original music and 10% covers.

I've performed at many hip hop rap venues, been in a series of battles/contest events in different states, {Detroit, Virginia, New York, Baltimore, ect} in my time of being an artist. Right now, I'm currently in video/movie mode with my original tracks, while still studio recording. I have great crowd control, crazy delivery, hit songs, and love doing it

I've been an underground artist my whole career. I've made beats for various artist, been played on 107.5 in Detroit major radio station, and have done a ton a featured tracks

If you need someone to rock a show, I'm your man for the job.
